FT. WORTH CABARET SINGER IS SHOT AND KILLED

Fort Worth, Tex., Aug. 25.—Leroy Williams, about 31 years of age, an entertainer at a cabaret at Fourth and Commerce streets, was shot in the head with a pump gun while in a saloon at 500 Commerce street about 8:30 o'clock Friday night, dying instantly. W. R. Dearing, for fourteen years a member of the police force, surrendered himself to the sheriff and made bond of \$2,500 through his attorneys.

According to the bartender on duty at the saloon where Williams was killed, Williams had just paid for a drink and was leaning against the bar when he was shot. Every shot seemed to take effect, the bartender said, as Williams made no sound but crumpled to the floor.

At the courthouse Dearing stated he had arrested Williams while working on the police force for aggravated assault and since then Williams had threatened to kill him.

BODY OF HERO OF HOUSTON RIOT SENT TO CHICAGO

Houston, Tex., Aug. 25.—The body of Captain Joseph W. Mattes of the Second Illinois Field Artillery, killed Thursday night by rioting negro soldiers, was sent to Chicago this afternoon. There was a military escort.

The body of Captain Mattes was dressed in full uniform. The casket was draped in the American flag. Thousands of Houston citizens paid silent tribute to the dead hero as the cortege passed through the streets.

While the band played a funeral dirge near the courthouse, grand jurors were returning thirty-four indictments for murder against the rioters.

GERMANY ALSO HAS HER LAFOLLETES

Copenhagen, Aug. 25.—The submarine controversy has again been raised in the Reichstag main committee in a government effort to convince the members that the unrestricted U-boat campaign is a great success. Press dispatches give in detail the arguments and a statement from Dr. Karl Helfferich, secretary of the interior and vice chancellor and Vice Admiral von Capelle, secretary of the imperial admiralty.

The dispatches, however, refrained from mentioning the skeptical attitude of Matthias Erzberger, clerical member of the reichstag; Phillip Scheidemann, Socialist member; and Conrad Haussmann, Bavarian Radical. Herr Scheidemann took issue with Dr. Helfferich and questioned his account of the workings of the unrestricted campaign, and warned the government not to deceive itself regarding the effect of the sinkings on Great Britain. Herr Scheidemann said nothing had been found for changing his party's attitude on the submarine campaign.

WANT OBSERVERS FOR ARMY AIRPLANES

Washington, Aug. 25.—Candidates for commission as observers from airplanes are being sought by the chief signal officer from among graduates of the military instruction course at Fort Monroe, Va., or the machine gun corps at Fort Sill, Okla., and enlisted men or civilians who are expert photographers, radio operators, or machine gun operators. Accepted applicants will be given two months' course of instruction in fire from airplanes, reconnaissance, photography, radio and bomb dropping, and commissioned on successful completion of the studies.

ITALIANS CROSS RIVER AND CLIMB HIGH MOUNTAIN

The battle along the Isonzo has developed further with brilliant success for the Italians who now, it is claimed, are making one of the greatest efforts of the war thus far. The Italians who, at the beginning of the offensive, effected a new crossing of the river north of Gorizia, at a point where the Austrians believed it impossible, have won another spectacular victory by scaling Monte Santo, a mountain 2245 feet high, and placing their flag on its summit. This mountain top, seven miles north of Gorizia, dominates the plain to the east of the city and the Austrian forces there will be unable to hold up the Italian advance once Gorizia is taken. Further south, on the Carso, the fighting continues violently and incessantly. Austrian efforts to win back their lost positions were all defeated.

French Do Well

New gains by the French on the Verdun front are rounding out the victory won in the offensive begun Monday. The French advanced last night north of Hill 304, Paris announces, and captured three fortified works near Bethancourt.

On the British front sharp local engagements are in progress and the British have occupied trench positions west of Lens. The official German statement concedes a small British advance near the Ypres-Menen road but says that at other points the British were repulsed with heavy losses. The capture of a British position east of St. Julian is reported.

Russian Situation

The situation on the north end of the Russian front seems obscured. Official Russian reports earlier in the week made it appear that a German offensive, with the capture of Riga as its objective, was under way. The German communication has not borne out this, except that an advance to the River As at several places was reported Friday. The German statement of Saturday spoke of no further action on this sector.

On the central Russian front the Germans have penetrated the Russian lines northwest of Pinsk, but later the Teutons were ejected by a counter attack.

In the Caucasus the Russians are showing greater activity at several points. Turkish positions on the heights in this region have been occupied by the Russians, the Turks retiring under pressure.

JIM SUMMONED TO BAR OF SENATE

Austin, Aug. 25.—Governor James E. Ferguson was today cited by Senate Secretary McCall to appear before the Senate at 10 o'clock Wednesday morning to answer charges preferred against him by the House of Representatives.

The Senate committee named to prepare the rules of procedure of impeachment partly completed its task this afternoon. The committee decided to follow closely the proceedings in the impeachment of Governor Sulzer in New York and the trial of Land Commissioner McGaughey at Austin in 1893. The record of the proceedings of the House will not be taken, but each charge will be heard by the Senate the same as if it had not been heard in the House.

HOUSTON GRAND JURY INDICTS 34 NEGROES ON MURDER CHARGE

Houston, Aug. 25.—The Harris county grand jury this afternoon returned indictments charging murder against the thirty-four negroes held in the jail last night but later turned over to the military authorities. Six others not under arrest also were indicted.

MARRIAGE ALONE DOES NOT MAKE DISCHARGE CAMSE

Washington, Aug. 25.—At the direct suggestion of President Wilson, Provost Marshal General Crowder telegraphed all governors tonight a supplemental list of regulations, giving the status of married men under the selective service law. There was no change made in the regulations and the purpose of the new statement was to clear up a misunderstanding that had arisen in what General Crowder describes as "only a few instances."

In his letter to Secretary Baker, which is quoted by General Crowder, President Wilson again urges directing local boards that "to establish the fact of dependency in addition to the fact of marriage ought not to be abrogated." This leaves the regulations as they are and the supplemental statement is designed merely to make the application of the rules uniform among all boards. While the statement regarding married men was in preparation a new order was issued changing entirely the mobilization dates previously made. Congestion of rail traffic, due to moving the national guard, and the necessity of making better provision for the reception of the men at the cantonments, directed these changes.

Only 5 per cent of the National Army will be mobilized Sept. 5, instead of 30 per cent, originally planned.

Forty per cent will go Sept. 19 and 40 per cent Oct. 3. The remaining 15 per cent will go "as soon as practicable."

The object of calling only 5 per cent is to place in the camps enough men to form a skeleton organization to assist in receiving and assimilating the larger contingents later. Boards are requested to select men with previous military training for the first 5 per cent.

One per cent of the quota of each board will be sent on each of five successive days, beginning Sept. 5, so that the movement will not be completed until Sept. 9.

It was stated at the Provost Marshal General's office that this change was not because every local board would not have 30 per cent of its quota by Sept. 5. Nearly every board in the United States has this 30 per cent and most of them will have their full quota by that time.

Local boards are directed to disregard the order of liability and of numbers to some extent in selecting the first five per cent, as men of experience such as cooks and former soldiers are desired at that time. A warning, however, is given against putting into the first levy, by reason of experience or otherwise, any man who would not otherwise have been included in the first increment.

SHELL EXPLOSION KILLS TWO AND WOUNDS OTHERS

Fort Sill, Okla., Aug. 25.—Privates Nelson and James Kelly of Battery A, Second Missouri Field Artillery were killed and four others were seriously injured when a shrapnel shell exploded on the cantonment range this afternoon, completely wrecking the mess hall in which the men were making preparations for their first meal after arrival at the post. The injured: Privates Oakley, Bloomer, McGrew and Raymond Rosa.

Nelson was killed outright and Kelly died on the way to the hospital. The shell is believed to have exploded after being left partly buried on the field by the heat of the fire nearby over which the men were cooking.

WILL KEEP RECORD OF SOLDIERS' GRAVES

Washington, Aug. 25.—Army orders today direct the organization of a Graves Registration to have charge of the locating and registering of the graves of American soldiers killed in action or dying of disease.

PACKERS ASK FOR U. S. CONTROL OF BEEF INDUSTRY

Chicago, Aug. 25.—Herbert C. Hoover explained to editors of agricultural papers and representatives of newspapers from the agricultural districts today the necessity for aiding the supply of foodstuffs. He told of the problems confronting those dealing with the subject and asked for co-operation in the work. Mr. Hoover objects to the word "control" in connection with food conservation and wished only for voluntary patriotic co-operation. He made it clear in a statement later his purpose to deal fairly with all interests as possible. Mr. Hoover denied tonight there was any foundation for the report that the food administration intends to fix prices for beef or pork or their products. Before he left Chicago he had a formal request from the packers to appoint a federal dictator to take over the entire control of the live stock industry.

Reports Denied

Washington, Aug. 25.—The Food Administration today denied reports that Herbert C. Hoover was attempting to influence the price fixing committee, headed by Dr. H. A. Garfield, to put a price of \$1.65 on the 1917 crop of wheat.

MIDSHIPMEN ARE PRAISED BY JAPS AFTER MANEUVER

Annapolis, Md., Aug. 25.—Enthusiastic admiration was expressed here today by Viscount Ishii and the Japanese envoys when midshipmen maneuvered before the commissioners in a special drill in their honor.

The visit of the Japanese was a gala event at the "cradle of the United States Navy."

The Japanese were received with special courtesies and after the usual formalities were entertained at a buffet luncheon given by Superintendent Eberle.

ITALIANS DRIVE OUT INVADERS OF LAND

Rome, Aug. 25.—The Italian troops on the Isonzo front are marching to complete victory. At Udine, Salvatore Barzilia, civil governor of the Austrian territory occupied by the Italian army, when informed of the complete victory of the Italians today, said:

"At last our soldiers have achieved this magnificent thing; they have freed our soil from its ancient enemy."

AMERICAN FLYERS ACTIVE IN FRANCE

Somewhere on the French Front, Thursday (Delayed)—All the American navigators in the Lafayette flying corps have been on the wing every day since last Sunday and are working magnificently. The American flyers are engaged in protecting bombing raids and scouting expeditions over the new French front but there has been no air fighting and no incidents of consequence.

FOREIGN VOLUNTEERS RECEIVED IN FRANCE

Marseilles, Aug. 25.—Eleven hundred young Slavs, volunteers just arrived from America, were reviewed this morning by General Drude and Admiral Allemand. It was a brilliant spectacle as each company marched by a stand from which fluttered one or another of the Entente flags while a great dirigible balloon floated overhead.

HOUSTON OFFICERS WILL INSIST ON TRYING NEGROES

Houston, Aug. 25.—Although Houston generally breathed with distinct relief tonight that martial law would be ended Sunday and that the rioting negroes of the 24th Infantry were no longer in a position to cause trouble, county officials expressed resentment that the negro prisoners were taken from the civil authorities.

"The fact that the men were removed to Columbus, New Mexico, does not mean we will not ultimately take a hand in the punishment of the black soldiers," District Attorney John Crooker said. "In my opinion, the court martial which will be conducted by the military authorities does not abrogate the right to trial by the civil authorities."

Evidence of the intention of local officers not to let the matter drop with the departure of the colored troops for Columbus continued apparent in the action of the Harris county grand jury. This body, as soon as it learned that 34 negroes held in the county jail had been turned over to the army, began consideration of the charges preferred by Mr. Crooker. In a few hours it had returned indictments against the 34 men and against six others who had not been arrested.

There are indications of no further deaths as a result of the shooting and the casualties will stand as they were yesterday—17 dead and 21 wounded. Two of the victims lost an arm each by amputation and a third man's leg had to be taken off, but he is expected to recover.

RUSH ORDER ON WEDDING RINGS STRIKE CAUSE

Chicago, Aug. 25.—Demands by bridegrooms for hurry-up orders of wedding rings are declared by manufacturers of a strike which is in progress today among 600 jewelry workers. Forty-three concerns are affected, according to J. Milhenning, of the manufacturers' organization, who asserts that the men have refused to work overtime at any price. The strikers are said to demand higher wages and better working conditions.

TEXAS DELEGATION DEMANDS REMOVAL OF ALL NEGRO TROOPS

Washington, Aug. 25.—The Texas delegation in congress today joined in a request to Secretary Baker to remove and keep out of the state all negro troops, including those drafted. The congressmen also demanded punishment of those guilty in the Houston murders.

SON DISCOVERS BODY OF FATHER HANGING IN BARN

McKinney, Tex., Aug. 25.—The lifeless body of Frank Crim, about 55 years old, was found this morning hanging by a rope from a rafter in the barn at his home in South-west McKinney.

The discovery was made by a son. Crim had been in ill health a long time. Surviving are a widow and ten children.

EXPECTED TO DIE OF BURNS FROM GASOLINE BLAST

Ennis, Texas, Aug. 25.—L. H. Monte, 50 years old, representative of the Texas Oil Company at Rice, was so severely burned that he is not expected to live, when an automobile gasoline car he was driving turned over on him this afternoon, two miles south of Ennis.

Monte had come to Ennis for a load of gasoline and was on his way back to Rice. A spark from his pipe fell on his coat and ignited it. While he was removing his coat the car turned over and the gasoline exploded.

Monte was pinned beneath the car. His clothes were burned from his body.

DEFENSE COUNCIL PLANS STEPS TO CONTROL I. W. W.

Washington, Aug. 25.—The Council of National Defense is preparing to take vigorous steps to control the I. W. W. situation in the Northwest.

A resolution was ordered drawn following today's Council meeting to go to the governors of the affected states. It will urge concerted efforts to control the I. W. W. elements.

ORDER TROOPS TO SHOOT ALL SETTING FIRES

Portland, Ore., Aug. 25.—Picked troops were sent into Oregon forests today, with orders to shoot without warning all persons found setting fires.

State authorities are convinced that most of the hundreds of fires burning in this state are of incendiary origin. German sympathizers, determined to hinder America's war activities, are declared responsible.

SCORE INJURED IN STREET CAR WRECK

St. Louis, Aug. 25.—Twenty or more people were injured when a northbound Bellefontaine street car smashed into an open switch and collided with a southbound car that had stopped to discharge passengers this afternoon. None of the injured will die, it is said.

OKLAHOMA OPERATORS KICK AT COAL PRICE

McAlester, Okla., Aug. 25.—A delegation of Oklahoma coal operators will leave Monday for Washington to confer with the government in regard to fixing the prices on Oklahoma coal. They will also stop at Pittsburgh for a brief conference with the National association officials. Only three mines, employing 1200 men, were operating in this district today.

GERMANS HELD AS FOMENTING SHIP STRIKES

New York, Aug. 25.—That Federal officials have at least two Germans in custody accused of fomenting the projected strikes in all government ship yards became known today. They are William A. Marz and Paul Schroeder, both of Brooklyn, German born and ship machinists and both charged with being "dangerous aliens."

Federal agents are trying to find out where they got the money with which they sought to aid the ship yards strike.

NEGRO SOLDIERS AND CIVILIANS NEAR CLASH AT DEMING

Deming, N. M., Aug. 25.—To avoid disturbances which appeared imminent, preparations were made at noon today to transfer the battalion of the Twenty-fourth United States Infantry (negro) stationed here, back to its former station at Columbus, N. M.

The decision was reached by military authorities as a result of threats of trouble between negro soldiers and townspeople and the beating of an automobile driver last night, said to have been the act of the negro soldiers. Train equipment was being assembled at noon and orders to entrain the command as soon as possible.

CATHOLIC BISHOP OF BOISE, IDAHO, IS CALLED BY DEATH

Portland, Ore., Aug. 25.—The Right Rev. Alphonsus Josephus Glorieux, for twenty-four years bishop of Boise, and a pioneer Catholic missionary, died today at a local hospital, where he has been ill three weeks. Death was caused by Bright's disease.

Bishop Glorieux was born in Belgium seventy-three years ago. He was ordained fifty years ago, this month.

DECLARES RUSS PEACE STAND TO BE INEXPLICABLE

Rome, Aug. 25.—Russia's intention to ignore the pope's peace proposal was characterized as "inexplicable" today by the Corriere d'Italia.

"It is all the more inexplicable," the comment said, "inasmuch as the pope's note was based on the Russian formula of no annexations and no indemnities."

SENATORS PLAN 80 PER CENT WAR PROFIT TAXES

Washington, Aug. 25.—At a conference of thirty Senators this afternoon, led by Senators Johnson of California and Borah of Idaho, plans were made to tax all war profits 80 per cent.

Senator La Follette was not included in the conference.

PLEA OF ALFONSO SAVES A BELGIAN

Madrid, Aug. 25.—Premier Dato announced today that due to the intervention of King Alfonso the Count d'Oultremont, a Belgian official, recently deported to Germany and sentenced to death, had been pardoned.

Must Wear Tags

Owners of dogs are notified that all dogs found on the streets without tags will be impounded. Tags are on sale at the collector's office and must be attached to the dog's collar, as the officers have no other means of knowing that the tax has been paid, and the law requires the tag to be worn.

Do not put the tag in your pocket or leave it at home—put it on the dog.

How many pounds to a ton—2000 or 1500?

HOW many pounds of real roughage are you getting to a ton? If you are buying old style hulls you are getting about 1500 pounds because they are about one-fourth lint which has no food value.

If you are buying

LINTLESS

you are getting 2000 full pounds because they are free from lint and are practically 100 percent roughage. Try them and see how much farther they go.

Other Advantages

Cost much less per ton than old style hulls. No trash or dust. Sacked—easy to handle. Allow better assimilation of other food. They mix well with other forage.

Mr. W. C. Owens, Charlotte, N. C.,

feeds thirty cows. He considers Buckeye Hulls the cheapest feed and gets the best results.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Your Dollars Should be Spent to Your Own Advantage

Spend a dollar with your home merchant and you will have an opportunity of spending it soon again. Spend it away from Paris and it is gone forever so far as your use of it is concerned.

Spend a dollar in Paris for shoes, the shoe man spends it at the drug store, the druggist spends it at the grocery store, the grocer spends it at the dry goods store, the dry goods man spends it with the butcher, and the butcher perhaps owes you an account, and is now able to pay you because you spent a dollar in Paris.

That dollar bought seven dollars' worth of goods while it was coming back to you. Seven home men made a profit on it.

You---And Your Prosperity

This question of buying in Paris resolves itself into a matter of whether or not you will increase or reduce your chance to accumulate money, or have less money to spend.

Every dollar sent away from Lamar County simply reduces the chances for profit for the man who spent it away.

Looking at it from a hard-headed, business viewpoint—it is good common business sense to spend your money where you have a chance to get a good part of it back again.

New Styles In the Suits For Fall Wear

Many of them have jackets that are only sufficiently long enough to reach to a little above the knees; many others to a little below. Some, however, are of uneven lengths being shorter in the front than at the sides and back. The skirts are designed to conform to them, being simple instead of elaborate in design in order to offset the cumbersome which elaborateness would encounter when worn with the long coats. In the larger sizes then have a tendency to outline the figure; in the smaller loose straight line effects predominate. Materials most popularly used are velours, broadcloths, serges, etc. The smartest of the earliest styles we are now showing. Come see them.

The Accepted Model Dresses For the New Season

Common sense with pleasing taste are combined to a rare degree by the most popular designers in the new Fall Dresses for women. For street, afternoon and evening wear the popular straight line silhouette will dominate.

Variety is given the new gowns by introducing many forms of drapery which is so arranged that the straight line of the silhouette is still retained. New pleasing effects, panel draperies, choker collars and set-in sleeves—but we couldn't begin to tell you all. You must come and see them to fully appreciate the exquisite taste and charm these dresses possess. Note the most reasonable prices, too.

New Neckwear For Autumn

Our first shipment of Ladies' Neckwear has arrived, including the long roll-collars, collar and cuff sets, stocks, wide rufflings for the new fichu effects in white and colors.

Wool Skirtings In Patterns

New Handkerchief Plaid Wool Skirtings in very rich color combinations, no two patterns alike, assuring exclusiveness to the buyer, sold only by the pattern at \$10.00.

Newest Silks For Dresses

New Silks in striking and beautiful plaids and stripes and a fine display of brocaded styles—the latest productions in silks with a price range from \$1.50 to \$5.00.

New Titles In Best Books

New titles in books are offered that include the best work of the best known popular authors of fiction at only 60c. Lovers of books will find in this selection many that are old friends as well as the newer favorites. Not to read books when they are obtainable at this price is a mistake. We also have several new series of books for boys and girls.

Monday An Extraordinary and Charming Display Of the Latest Creations for 1917 Autumn

MILLINERY

An exhibition of newly arrived Fall Styles which in completeness and variety surpasses anything we have yet been able to display. You will find smartness, exclusiveness and beauty of coloring in every one of these models.

Lovers of style will enjoy a visit to our Millinery Parlors tomorrow or early this week.

Prices range from

\$7.50 Up to \$25.00

Silking Shirting Low Priced

New Silk Shirtings in the most attractive styles, exactly the fabric for the autumn waist, stripes and figured patterns that are offered at 50c, 75c, 85c, \$1 and \$1.25.

Summer Voiles Underpriced

To move the remainder of the summer Voiles we have underpriced them to about half value—36-inch material, fancy patterns in regular 25c values, to close at only 15c.

Organdies and Crepes Special

Plain and fancy colored Voiles, Organdies and Crepes, 40-inch fabrics, very pleasing patterns, sold during the season at 50c and 75c the yard, take choice now at 35c.

Low Priced Table Glass

While this table glassware is low priced it is really more attractive in appearance than the prices would indicate. The pattern is a neat Colonial, substantial and good looking, too, and buyers of it will be well pleased with their purchases. It is shown on tables in two lots—spoon holders and cream jugs at 10c each; covered butter and sugar at 15c.

The New Art Pottery

This display of art pottery is the most attractive that we have ever shown and it is entirely out of the ordinary both in design and colorings, the latter showing the rich browns, purples, greens and neutral shades. Included are vases, table centre bowls and flower forms, jardiniers, etc., with prices beginning at only 25c and going up to \$5.00 each.

Icy Hot Bottles

Icy-Hot Bottles, quart size, carafe shape, not only useful but very ornamental, made of well plated metal and designed to keep liquids hot or cold for many hours. No family can afford to be without one of these conveniences at the unusually low price—regular \$5.00 values special at

\$3.50

Artistic Satsuma China

Satsuma China is now here and the small selection that we exhibit will give one an idea of the uniqueness of this decorated ware. Words will not describe it and even a picture would not show its glorious colorings. It is not too high priced for its value and we hope to popularize it because it is really and truly a work of art. Prices run \$1 to \$12.

EARLY FALL FASHION REVUE

Portraying the trend of the mode for Autumn and Winter---Displaying the favored styles in Women's and Misses Coats, Suits, Dressess, Skirts, Blouses, Millinery and accessories of Dress.

We take pleasure in inviting you to see our display Monday, not alone because it presents with authenticity the fashions that smart women will wear this season, but also because it has been so difficult to assemble.

Through a most carefully directed buying program, and a close scrutiny of market conditions during the past several months we have been able to successfully meet the merchandise situation in its most serious aspect, as will be fully demonstrated in our merchandise and prices.

Style—the thing which well-dressed women demand, is accurately reflected in charming individual models. There is little of the extreme or bizarre; elegant simplicity reigns supreme in modes delightfully new, dignified and different.

Moderately priced too, especially so when you consider the quality of materials and workmanship—perfect fitting and perfectly tailored garments. In its entirety you will find this display most interesting and we cordially invite your attendance.

New Silk Dresses

Our advance showing of pretty new silk dresses are unusually attractive and the season's smartest now awaits your inspection in a charming diversity of the favored fabrics and the rich colors of Autumn. Beautiful taffetas and satins, satin and georgette combinations—thoroughly artistic with hand embroidered trimmings, some are beaded. We have chosen these in accordance with the tastes and needs of our patrons, which we feel we have learned to know through years of past experience.

Attractive Fall Suits

When we bewailed the loss of German dyes and foresaw a monotonous reign of non-script colors, we little reckoned with American ingenuity. But we were quickly shown our error—and now, as the brilliant colors of the summer merge into the marvelous line of Fall, we are offered the most beautiful shades conceivable, including navy, peacock blue, amethyst, deer, khaki, taupe, burgundy, beet root, green and the staple blacks—all are shown in weaves so charming and styles so delightfully wearable that you'll want to see them at once.

Serge Dresses Popular

When anything as practical as a serge dress is discovered it is not to be pushed aside after one season of unprecedented popularity. So it is that the serge frock is given greater vogue than ever this season, and the new designs are more attractive than ever. No woman's wardrobe will be complete without one or more. Navy blue will be the most popular, although many of the beautiful new shades are introduced. Tan cravenettes in Sports dresses are favored also, and shown in striking new modes.

Review of Fall Millinery

The new fall hats present an appearance that, from a beauty standpoint, surpasses any shown for many seasons past. Variety is truly the "piece" of the autumn millinery modes—creations chic and smart in exclusive designs—especially for you, for each and every individual type. Small and tall shapes of military inspiration, turbans along Oriental lines, new interpretations of tams and sailors; the popular velvets in correct modes and the new desirable felts—all are here in a host of charming effects, the season's new shades and trimming, and attractively blended colors.

Moderately Priced

Review of New Blouses

Pleasant surprises await the admirer of blouses—never have we shown a more unusual collection. Models of exquisite simplicity that are irresistible—others embellished by effective designs and trimmings. For dressy wear Fashion favors the charming suit shades to match or in contrast with the suit colors; for utility, flesh color and white. We invite your especial attention to a new number—black velvet bodice and crepe sleeves and collar; also shown in navy. Ask to see the new cream lace and georgette combination waists.

WOMAN HELD TO AWAIT ACTION OF GRAND JURY

The preliminary examination of Mrs. Annie Taylor on the charge of causing the death of her husband, E. L. Taylor, by administering poison to him, was held before Justice of the Peace J. H. Casey of Blossom in Paris yesterday. It was claimed that the poison was administered at their home 2 1/2 miles north of Blossom on Rev. S. S. Crain's farm, where the deceased made a crop this year. The examination of witnesses began at 10 o'clock and Dr. A. J. Rush, who

performed the postmortem and took out the stomach, was the first witness. He testified to turning it over to Dr. J. L. Leverett.

The second witness was Mr. Spearman, a neighbor of the Taylor family, who testified that he sat up with the deceased on the night that he died; that he asked for something to eat, and that his wife went off in another room and fixed something up in a bowl that looked like crackers and tea and made a kind of mush out of it and gave it to him. The witness said that when the deceased began to eat it he complained that it tasted too salty and he only ate a few spoonfuls of it; that in a few minutes he complained of a burning sensation in his throat and tried to

vomit, but didn't succeed.

The witness stated that the deceased asked the defendant to call for a doctor and she told him he didn't need one and that a doctor couldn't do him any good; but that when some of the neighbors who were sitting up with them spoke of going for the doctor she said she would go herself. She got in a buggy and did go, but didn't get back until 11 o'clock. She started for the doctor at 3:30 o'clock according to the testimony, and he died soon after she returned. Dr. Rush testified that she came to his home at 9:30 o'clock and asked for some powder to make him sleep, as she had been up with him all night the night before and needed some sleep herself. Mr.

Spearman said he heard the defendant say some time ago that they would all be better off if the deceased was dead.

Raymond Baughn testified that he heard the defendant say that it didn't matter if the old man was dead; that they would be better off without him.

Dr. J. L. Leverett testified to having analyzed the stomach and found arsenic in it in sufficient quantity to have caused the deceased's death.

The examining trial consumed most of the day and at noon there was a recess until 1:30 p. m. At the conclusion the justice of the peace placed the defendant's bond at \$2,000 to await the action of the grand jury, and in default of executing it she was remanded to jail.

Thursday evening a watermelon feast was given by Miss Rosa Lee Reed in honor of Miss Mary Morgan. Music was rendered after which games of many sorts were played and enjoyed by all. Ice cold melons were cut and served to 24 guests. The out of town guests were Misses Mary Morgan, Sulphur Springs, and Rolling Bostrick of Commerce.—Reported.

Millinery Announcement

The management of The La-Vogue Fashion Shop has secured the services of MISS K. GRIFFIN, a former Texas girl, but of rare ability and Eastern training, direct from the Eastern market. She will be glad to meet the ladies of Paris and surrounding county to present to them the most gorgeous display of Millinery Showing.

Just arriving from the New York market—distinctiveness and individuality for each and every lady is OUR MOTTO.

Our Emporium of leading styles is always suggestive of Newest creations.

I. W. Rummel, Prop

IN this picture the camera shows Mlle. Alice Verlet, of the Paris Opera, probably the world's greatest coloratura soprano, singing in direct comparison with the New Edison's Re-Creation of her glorious voice. Mlle. Verlet has many times made this test in public and it is the unanimous verdict of the thousands who heard her that her beautiful voice and the New Edison's Re-Creation of it are so exactly alike that the ear cannot detect one from the other.

The New EDISON

"The Phonograph With a Soul"

The New Edison gives absolute realism—the literal Re-Creation of music. Thirty different great artists, many of them members of the Metropolitan Opera Company of New York, and none of them imitators or impersonators, have proved by direct comparison that an artist's voice or instrumental performance cannot be distinguished from the New Edison's Re-Creation of it.

THERE IS STILL ANOTHER TEST

Numerous artists whose voices have been Re-Created by Mr. Edison are also making talking machine records. We should be glad to give you the names of these artists. When you have the opportunity, ask a talking machine dealer to play for you some talking machine records by these artists. After you have heard their talking machine records, please come to our store and give us the opportunity to play Edison Re-Creations of the voices of the same artists.

Don't listen to a talking machine in our store and don't listen to the New Edison in a talk-

ing machine dealer's store. However, if you would like to hear the New Edison in direct comparison with a talking machine, get the talking machine dealer to deliver one of his talking machines at your home. We will gladly deliver at your home, without cost or obligation, an Official Laboratory Model of the New Edison. Then, you and your family, playing talking machine records of an artist's voice, in comparison with Edison Re-Creations of the same artist's voice by the New Edison, will be able to realize just what the difference is between the New Edison and a talking machine.

NOTICE—Please do not ask us to sell you Edison Re-Creations if you intend to attempt to play them on a talking machine. Edison Re-Creations were meant to be played on the New Edison.

DEATH CLAIMS WELL

KNOWN YOUNG LADY

Miss Sue Smiley, a well known young lady of Paris, the second daughter of Mr. and Mrs. G. W. Smiley, died at noon yesterday at the family residence on South Main street after an illness of nearly three weeks from malarial fever. Up to a short while before her death she was thought to be improving, although slowly, and the announcement of her death caused keen sor-

row to the friends of the family, to whom it was unexpected. She was born and reared in Lamar county and had a great many friends who were warmly attached to her on account of her lovable disposition. Besides her parents she is survived by two brothers, Mack Smiley of Brookston and Charles Smiley of Paris, and by two sisters, Mrs. O. E. McBeth of High and Mrs. John Woodfin of Fort Worth.

The funeral service will be held at the family residence at 4:30 o'clock this afternoon conducted by Revs. L. C. Kirkes and J. N. Wooten. The burial will be at Evergreen cemetery.

DEFENDANT TRIED TWICE;

HUNG JURY EACH TIME

An interesting case was tried on the misdemeanor docket in Justice of the Peace J. H. Casey's court at Blossom Friday. The defendant was charged with being drunk and disturbing the peace on two counts in got his gun and chased him away, claimed that he went to a residence in the neighborhood where the people had assembled to have singing, and that he cursed and annoyed those present until the farmer at whose home the gathering was held, the same complaint. It was

There were two trials of the case, in both of which the defendant demanded a jury. First trial resulted in a hung jury, it being divided four for conviction and two for acquittal. Being unable to agree it was discharged. Another jury was immediately impaneled and a second trial was held, resulting again in a hung jury. The jury stood five for conviction and one for acquittal.

SUIT FOR DIVORCE AND WRIT OF INJUNCTION

Mrs. Ida Roberson instituted suit yesterday against her husband, C. C. Roberson, for a divorce and custody of the minor children and for a division of the community property, which the petition alleges consists of \$5,000 in the bank, a stock of groceries in a store valued at about \$2,000, a lot on Washington street valued at \$1,000, and other property amounting to about \$1,000. On application of the plaintiff the court granted a temporary writ of injunction restraining the defendant from disposing of any of the property pending the result of the suit, and from withdrawing any part of the money from the bank. The writ was ordered issued by Judge Donohy, but was made returnable to Judge Denton's court.

PAIGE

The Most Beautiful Car in America

More Motor Car Value At Less Actual Cost

This is the day of big values in motor cars. Never before in the history of the industry have you been able to buy, per dollar, so much comfort, so much utility, so much real motoring value.

We make this statement in the face of sensational advances in the cost of labor and materials. Those motor car makers who have followed the scientific, progressive manufacturing methods that have made the industry remarkable have not been forced to advance the price of their cars anywhere near the proportionate increase in the cost of materials.

We believe that no other industry has achieved as a group of successful motor car manufacturers among them the Paige—have achieved—in constantly increasing quality and constantly keeping down the cost.

Today you can buy more motoring value for \$1600 than you could for \$3500 five years ago.

Then your purchase price did not include a self-starter, a windshield, a top, headlights, tire carrier, etc. Now you find all these things, as well as innumerable others, making for luxury and comfort, on your car when it leaves the factory. The purchasing power of the dollar in this field has increased to an extraordinary degree.

As for the relation of price to value the Paige-Detroit Motor Car Company has always been in a most fortunate position. Low capitalization, low overhead, low profit per car combined with scientific management and the most complete manufacturing equipment have enabled this company to put the maximum of value into its product and also to keep the price down.

These unique assets, too, account for the quality that goes into every Paige car—quality which has reduced to the minimum the cost of maintaining and driving and enjoying The Most Beautiful Car in America.

That is why you can buy so much quality in The Most Beautiful Car in America at so low a figure in spite of rising markets. It is the secret of Paige leadership and Paige popularity.

TWO YOUNG LIEUTENANTS

CLAIM WAR BRIDES

Lieut. I. F. Peak of the United States army and Miss Sarah A. Huddle of Hopewell, were married at 1:30 o'clock yesterday afternoon at the home of the grandparents of the bride at Hopewell. Presiding Elder J. L. Morris of the Paris district performing the ceremony, which was witnessed by a number of relatives and a few intimate friends. The parents and several relatives of the groom were present from Greenville. Mrs. Fred Davies of Petty was matron of honor and Mr. Fred Rosenberg of Greenville was best man. Mrs. L. V. Larsen played the wedding march. The house was tastefully decorated with ferns and flowers and there was an improvised altar. Punch was served to the guests by Mrs. Don Benson.

The bride was born and reared in Lamar county and is the daughter of Dr. G. H. Huddle of Oklahoma. Her mother being dead she made her home with her grandparents. She has a large number of friends. The groom's home is in Greenville. He was a member of the National Guard who hit the trouble with Mexico was threatened and had to go to the Rio Grande border. He has recently been commissioned as a Lieutenant. After the ceremony he and his bride left for Camp Travis at San Antonio,

where he will be stationed at present.

**HUGE GEORGIA SNAKE
BELLOWES LIKE A BULL**

Moultrie, Ga., Aug. 24.—An enormous snake, which bellows like a bull, according to those who have seen and heard it, has terrorized people who live near Warrior Creek, about eighteen miles from Moultrie. Estimates as to the length of the reptile vary from 15 to 30 feet.

Recently it wriggled across a cornfield, and interested persons measured the width of its trail which was reported as 18 inches. Dogs, sheep, small pigs and other domestic animals are said to be missing in the neighborhood over which the bellowing snake holds sway.

Investigation, according to reports, revealed evidence which inclines to the theory that these animals were the prey of the reptile. It is a known fact that snakes have no bones in their jaws like a man to keep it from distending them sufficiently to swallow animals much larger than one might suppose and that some of the missing animals were

devoured by the reptile is entirely possible.

A bellowing snake is something new in this section and they are those who say that no such reptile is known to either natural history or mythology.

**WATERMELON IS PULP.
SAYS SENATOR STONE**

Washington, Aug. 24.—Strolling through a Washington restaurant, Senator Stone of Missouri saw Senator Hitchcock almost concealed behind a luscious piece of watermelon. Senator Hitchcock's "camouflage" was rapidly disappearing.

"Stop it!" exclaimed Senator Stone.

"Stop what?" replied Senator Hitchcock, with the ejection gesture of one who resumes conversation after watermelon.

"Stop swallowing that pulp," said the Missourian. "Pure wood. You'll kill yourself. That's what watermelon is, just wood pulp. I'd as soon eat a plank."

**CHORUS GIRL'S CHARM
CAPTURES CREE INDIAN**

St. Paul, Minn., Aug. 24.—Albert Campbell, the wily Cree Indian from Le Pas who won the 1917 Red River Valley dog derby from Winnipeg to St. Paul, proved unable to withstand the attack of love and today he is a married man.

In a romance that equals the excitement of the 500-mile chase through the wintry snows, he captured the heart of Miss Medeline Sullivan, 24 years old, a Chicago girl who six years ago attained national attention by her wooing of Plenty Hawk, a full-blood Crow Indian. She was only prevented from wedding Plenty Hawk by a refusal of authorities to grant her request for a license.

**VINEGAR COMES HIGH
IN DRYEST NEBRASKA**

O'Neill, Neb., Aug. 24.—Confidence men are gleaming much real coin in this territory since the dry law took effect. One slick looking stranger stopped at a farm house near here and showed the man of the place several samples of what he persisted in calling vinegar of a very fine character.

When he said "very fine character," he winked at the farmer and told him to take a drink at his expense. The sample "vinegar" was none other than a fair quality of whiskey.

When the farmer ordered several gallons of the "vinegar," he had to sign a paper which said so and so and so, and that it would come to the depot at such and such a date.

Came the day for the arrival of the booze. Many farmers in the vicinity made trips to the depot. "Vinegar" seemed to be at a premium.

When the casks had been tapped and contents sampled, it was found

that the stuff was vinegar, and that the suckers had paid several dollars for each gallon of something they might have bought from their home merchants for a few cents per gallon.

No arrests have been made, since the sharks are well within the law. They sell vinegar and vinegar is delivered.

We handle hand and motor driven horns; sell oils, soap and grease in any quantity; put distilled water in your battery and test it free. Stop and get a drink of water for yourself or car. Service is our motto and the response we are getting makes us think it is appreciated.

NEW TIME RECORDS			
1 hour	83 miles	12 hours	957 miles
		24 hours	1898 miles

Traveling farther and faster than any human being has ever traveled on land, sea or air in 24 hours, Joe Dawson in a stock Chalmers Speedster Chassis has smashed all Speedway records by covering the astonishing distance of 1898 miles in a twice-around-the-clock race against time on the Sheepshead Bay Speedway.

The old twenty-four-hour record was 1819 miles, held by a Hudson. Chalmers bettered this wonderful mark by 79 miles.

The old one-hour mark of 77 miles, also made by a Hudson, the Chalmers bettered by six miles.

The 100-mile record, also held by a Hudson stock car, is 80 minutes, 21.40 seconds. Chalmers covered this distance in 8 minutes, 11.23 seconds less time.

The 12-hour mark of 923 miles made by a Hudson was bettered by the Chalmers which ran 957 miles in 12 hours—34 miles farther.

The contest Board of the American Automobile Association has approved and accepted these performances as official records. The trial was made under its supervision and was timed with the automatic electric timing device.

Great as was the performance of the Hudson in establishing such wonderful marks, the achievement of the stock Chalmers Speedster chassis was all the more wonderful, particularly because of its motor piston displacement of 224 cubic in. This test of endurance is conclusive evidence of the economy of the small, powerful Chalmers motor.

1898 miles in 24 hours—that is approximately the distance from Chicago to San Francisco.

In the first hour the Chalmers covered 83 miles; in the twenty-fourth hour over 81 miles; and for the entire distance the average was 79-1/12 miles per hour.

Any engine that can travel at this terrific speed day and night for 24 hours on a day that averaged 90 degrees in temperature and without the slightest mishap is certainly an engine to marvel at.

For sheer endurance, for ability not only in speed but in sustained speed, this performance is without equal in history; and yet it is a regular stock Chalmers engine.

Come and see the Autumn and Winter Chalmers—there are eleven of them.

WAS FOUND DYING WITH THROAT CUT AT BLOSSOM

W. O. Harris, about fifty-six years old, who was making his home with his son-in-law and daughter, Mr. and Mrs. Lee Arnold, in Blossom, was found in a dying condition in his room at 9 o'clock last night with his throat cut from ear to ear with a razor. His condition was discovered immediately after the deed was committed and doctors were summoned but were powerless to save him. He died in thirty minutes. He had been in bad health a long time and had had five different amputations of one of his legs on account of dead bone. It had recently begun to trouble him again. The deceased was engaged in running a store at Pinhook before going to Blossom to live with his son-in-law. Besides his daughter, with whom he was making his home, he leaves a son, Frank Harris, who lives in Chickasha, Ok.

WOUNDED MAN DIED AFTER A LONG TIME

Bob Gotcher, of Fulbright, who was badly wounded in a difficulty last May, and who was brought to a hospital in Paris, where he stayed for a long time and was carried back home, his condition having failed to improve, died last Tuesday and the funeral was held the following day at Bogata. His death is said to have been due to the wound inflicted in May. A relative named Mann was arrested in connection with the shooting at the time and was placed in jail at Clarksville. It was understood that he has never made bond since he was first arrested. The charge on which the arrest was first made will be changed to one of a more serious nature.

New Goods and New Prices...

We are always glad to close each season with prices low enough to justify our patrons in partially looking ahead and supplying at least a part of next year's needs with staple patterns and dependable fabrics that do not go out of style from year to year, and conditions over which we have no control—the next coming season will bring higher prices. Save the enormous difference in today's prices and future prices.

NEW AUTUMN DRESSES

Every day we add models to our line. Styles which embody the latest of fashion. A visit to our Dress Department will be worth your while. We will show you materials such as Serges, trimmed in braids and buttons; Silk and Satin Dresses, with Georgette Sleeves, in all of the popular colors. We have not received a model that you would call impractical or extravagant. We always anticipate what will be in demand for the coming season in fabrics and colors as well as styles.

The best of all our prices will appeal to you, as our goods are priced the beginning of the season.

Heap big mileage! Built-In!

If you could dissect a SAVAGE you'd realize that "Heap big mileage" is built into it during every minute of its manufacture.

Highest grade rubber and fabric, perfectly balanced design, most careful workmanship, full size.

A tough road-gripping tread—neither so heavy as to produce stiffness, nor so light as to give insufficient protection to the carcass. Cushion of high-grade resilient rubber—absorbs the road shocks. Sidewall specially shaped to distribute flexing—will not crack. And the carcass—finest Sea Island cotton, long fibre, tough, triple tested, built up layer by layer into the strongest carcass that can be made.

High mileage, low cost per mile. Sold from factory to you through our own distributors. Watch for the red Savage sign.

WAS FOUND IN FIELD DEAF AND SPEECHLESS

While Henry Moore, a married man about thirty years of age, who worked for George Hoover, six miles southeast of Blossom in the Byrdtown community, was in the field alone hoeing late Friday evening he fell to the ground helpless from heat prostration. He was discovered lying on the ground about thirty minutes later by a man who was passing along the road, and although he was not unconscious he was speechless and could not hear.

The man who discovered him summoned help and carried him home, and Dr. A. J. Rush was summoned from Blossom. Before the doctor arrived a piece of paper and a pencil were brought to him and he explained by writing that he was unable to speak or to hear. The doctor stayed with him most of the night. He came to Paris yesterday to attend the examining trial of Mrs. Annie Taylor, charged with the murder of her husband, and he stated that Mr. Moore's symptoms were better when he left, but that his speech and hearing had not yet been restored. He stated that his condition was due to heat prostration.

BLOSSOM MAN SHOTS AT SUSPICIOUS PROWLER

Silas Tomlin is the night watchman and fireman at the Blossom oil mill, at which place the electric light plant is also located. There have recently been suspicious characters observed around Blossom, as in other towns. On last Thursday night Mr. Tomlin saw two such sus-

picious characters standing close together in the dark near the oil mill, and he went up to them and asked them who they were. They did not make any reply, but took to their heels, one of them going over a gate and the other through a fence. Mr. Tomlin chased them up the railroad track and shot at them, but missed, and they made their escape by running up the side of the fence near the tabernacle.

On the following night a young lady heard a pistol fired near the oil mill at midnight and having heard of Mr. Tomlin's experience the night before she telephoned Constable Will West, who hurried down to the place and found him firing up. He had not heard the shot fired.

1917 FAIR WILL BE BIGGEST AND BEST

The 1917 Lamar County Fair is going to eclipse all past efforts in this line and every minute of the time beginning on September 15th, will be one thrill of interest, education and amusement, that will be appreciated and promised by every visitor no matter what his individual ideas of a successful fair may be.

Organization Complete.

Every department of the Fair has been carefully organized this year and in addition to the selection of capable and careful superintendents for each department, President Caldwell is giving each department his careful and personal attention, and is suggesting and making possible improvements in each over previous years, with one thought in mind: "Give the people of Lamar county and Northeast Texas a 100 per cent Fair."

Department Superintendents

The organization selected by President Caldwell, consists of the following department superintendents with whom exhibitors should get in touch as soon as possible: Transportation and Gates, W. A. Bills; Amusements and Concessions, C. J. Musselman; Manager Speed, Capt. T. D. Craig; Official Starter, Ed Mayer; Beach Show Division, Capt. Rufus Scott, Jr.; Honey Department, J. P. Maxwell; Roston; Poultry Department, N. G. Bowers; Agriculture Department, E. C. Bracken; Live Stock Department, Joe Graham; Mules, Jacks and Jennetts, Cam Hancock; Cattle Division, R. L. Hoover; Swine Division, J. R. Parker; Culinary Department, Mrs. L. P. Harrison; Ladies Department, Miss Nora Sumner.

Attractions.

People are beginning to realize more and more every year that the organized departments of the Fair present, within themselves, an attraction that interests and entertains the visitor, and in many instances visitors are satisfied with their visit to the Fair after a visit to the particular department in which they are interested, so carefully are these departments organized and so artistic in arrangement.

The commercial booths present one of the main attractions of the Fair. There is not a firm exhibiting at the Fair that does not realize that his business will be judged by the appearance of his exhibit at the Fair and in their endeavor to make the proper showing for themselves they usually furnish a most pleasing and impressive attraction that contributes largely to the success of the Fair.

It takes several entries on the public bill of fare for entertainment, education and amusement, so the ever popular "Midway" will be much more in evidence than ever before. So thorough is the move for improvements this year, that the Tom W. Allen entire organization of shows and amusements have been engaged to create the miniature "Coney Island," the place that amuses the old and young alike, makes life worth living, and after all is absolutely necessary to make a Fair a real Fair. The higher the class of the "Midway," the more successful the public will pronounce the Fair which explains why the Lamar County Fair Association went to the extent of securing this great amusement combination.

Automobile Races.

A little spice and danger must be added to a fair nowadays to satisfy the exacting public and in the day of fast travel no fair is complete unless it has a few bolts of chain lightning in the form of mad racing automobiles belching fire and dust, go booming around the track at the rate of 2 to nothing, just to make the nerves tingle, the traffic cop mad, the "Tin Lizzie" chauffeur say "Oh, that's nothing" and the "sweet young thing" cuddle closer to her "daffed" escort and sigh "Oh isn't that awful" and then a couple of more "Oh's" as the big cars, driven by those "Three A" daredevils, make a 15 foot skid on a curve.

Yes there will be auto races that will curl hair for a bald headed man, Friday (Paris Day) September 14th.

Biggest and Best.

Without a doubt the 1917 Fair will be the biggest and best and will be worth coming miles to see and you can rest assured that there are going to be many, who will come miles to see this greatest of all attempts by the Lamar County Fair Association, September 11th to 15th inclusive.

Protect Yourself By Placing

Your Velie Now.

And no other car shows the Velie values for the money.

Its long service; its sturdy construction; its swift, sure, smooth performance; its wonderful records for always being on the job, are due to such features as the Velie Special Continental motor; Timken axles, front and rear; multiple disc clutch; long, underslung springs; enclosed wiring; vacuum feed; automatic ignition.

And extra convenience and comfort come from its push button starter; deep-tufted, genuine leather upholstery; long and roomy body, with its famous lasting Velie finish.

There is just about a Velie car in sight for every Velie prospect today, but no man can tell how long this will be so.

With a demand double that of any previous season, the Velie in common with other automobile manufacturers, faces the shortage of materials due to the government's needs.

Uncle Sam takes precedence of everyone else, and the car owner who does not make sure of his car now may have to wait a long time and pay a greatly advanced price.

Eight body styles—Touring Cars, Touring Sedan, Four Passenger Roadster, Coupe, etc. See the nearest Velie dealer. Write for booklet, "How Velie Cars Are Made."

Back From Market.

La Vogue's buyers have returned. Mrs. Rummel and Mr. Diamond have arranged a short cut from style down to Paris, Texas. This enables the fastidious and conservative dressers a chance to make a selection from a most carefully selected stock—each garment is decidedly distinctive in every particular. Mr. Rummel has exerted every possible effort to give the ladies of Paris and Lamar county a chance to make a selection from a stock of the choice styles of this season's showing. Mrs. Rummel's effort in the past have pleased you, and it is her earnest endeavor to make it doubly so in the future. Express shipments arriving daily bringing the most gorgeous array of styles.

Citation by Publication.

The State of Texas, to the Sheriff or any Constable of Lamar County, greeting: You are hereby commanded, that by making publication of this citation in some newspaper published in the County of Lamar, for four successive weeks previous to the return day hereof you summons M. H. Sims whose residence is unknown to be and appear before the Hon. Justice Court in and for Precinct No. One of Lamar County, Texas, at the regular term thereof, to be holden in the County of Lamar, at Paris, Texas, on the 15th of October, 1917. The number of said cause being 262 then and there to answer the petition of Lyon-Gray Lumber Company filed insaid court on the 28th day of July A. D., 1917 against the said M. H. Sims, and alleging in substance as follows: Suit on the promissory note of the defendant, M. H. Sims, for the principal sum of One Hundred and Nine (109.05) and 05-100 Dollars, dated April 3, 1915, due one day after date, payable to the order of Lyon-Gray Lumber Company, with interest thereon from date until paid at the rate of 10 per cent per annum, together with a reasonable amount as attorney's fees the same to be not less than ten (10) per cent of the principal and interest then due, if the note is placed in the hands of an attorney for collection, or if suit is brought thereon, the defendant, M. H. Sims thereby promising and agreeing to pay such note according to its face and tenor, effects and reading; not withstanding which, and the fact that the note is long past due and unpaid, and frequent demand has been made by plaintiff, who is the owner and holder of such note, upon defendant to pay the same, defendant has failed and refused and still fails and refuses to pay such note or any part thereof, to plaintiff's dam-

age in the amount of said note, principal, interest and ten (10) per cent attorney's fees, these fees being reasonable, and the note having been placed in the hands of Long & Wortham, attorneys, for collection and suit having been brought thereon. Wherefore, plaintiff asks for citation and service on defendant according to law, and for judgment for the said note, interest and attorney's fees and costs of suit.

Herein fail not, but have you then and there before said court this writ with your return thereon, showing how you have executed the same. Given under my hand, in Paris, Texas, this 22nd day of August, A. D., 1917. Attest M. B. Bradey, Justice of the Peace, Precinct No. One, Lamar county, Texas.

B. I. JORDAN

Candidate for City Attorney.

The News is authorized to announce Ben I. Jordan as a candidate for City Attorney in the election to be held September 25. Mr. Jordan is a well known lawyer who is thoroughly qualified to fill this office and being for many years a citizen of Paris, a home-owner and home trader, he has interests of the city of Paris at heart and wants to see her remain in the class she now occupies—one of the most moral, law-abiding cities in America. If elected to this office he promises to give to its duties all the time necessary and all the knowledge of the law he possesses to insure a full and fair enforcement of the ordinances. He will appreciate your vote and kind words and respectfully solicits the support of all good citizens.

Notice

Paris, Tex., Aug. 24, 1917. Pursuant to the authority vested in me by virtue of a resolution passed by the City Council of the City of Paris on the 24th day of August, 1917, and the powers vested in me by the said Charter, I hereby order an election to be held in the city of Paris by the qualified voters of the said city between the hours of 8:00 o'clock a. m. and 6:00 o'clock p. m. on the 25th day of September, 1917, for the purpose of electing a City Attorney for the city of Paris to fill the unexpired term of George P. Blackburn resigned.

The polling places and presiding officers for said election shall be as follows:

Ward One to be held at City Hall, E. A. Barnes, presiding officer.
Ward 2 at Johnson building, Grand Ave., J. R. Justiss presiding officer.
Ward Three at Court House, J. E. Bobo, presiding officer.

Ward Four to be held at Lamar Motor Company building, Lamar Ave., J. W. Webb, presiding officer.

All citizens of Paris qualified to vote for members of the state legislature and who have prior to this election resided in the county for six months and for thirty days in the ward in which they offer to vote are qualified to vote in this election.

Given under my hand and seal of the City of Paris affixed this 24th day of August, A. D., 1917.

Ed H. McCulston,
Mayor of City of Paris.

Attest:
Judd W. Wright, City Secretary
